

COLLECTION AND SHIPMENT OF WINES

Limitations on Importation

Bidders should be aware of limitations and restrictions imposed by various states regarding importation of alcoholic beverages, which have been purchased at auction and brought into that state's jurisdiction from another state. It is the sole responsibility of the purchaser to investigate, apply, obtain, route, and comply with all special permit or license requirements prior to collection or shipment of wines purchased at Kensington's. Kensington's assumes no obligation of responsibility for obtaining permits or licenses on behalf of the purchaser prior to shipment. Bidders are urged to familiarize themselves with their respective state's importation statutes prior to bidding at auction to determine if, when, and how wines may be delivered from the State of Illinois, while remaining in compliance with existing statutes.

Collection of Wine

A valid I.D. is required at the time and place of collection. Under no circumstances will any wine be released to anyone under 21 years of age. Complimentary pick-up is available at East Bank Storage, 429 West Ohio Street in Chicago by appointment only. Please schedule your pick-up by contacting our office by phone, fax or e-mail at least 72 hours in advance. Wines will not be released until payment has been received and funds have cleared our account. If you are paying by check, please expect a five-day delay in the release of your wines.

Local Delivery

A valid I.D. is required at the time and place of delivery. Under no circumstances will any wine be released to anyone under 21 years of age. Kensington's can arrange delivery within a 10 mile radius of Chicago at a cost of \$10 per case or part thereof. Delivery can usually be arranged within three business days, however deliveries are made in order in which requests have been received from purchasers, on a first come, first serve basis. All wines are insured at the hammer price while in transit. Delivery within the State of Illinois is subject to taxation unless the holder of an Illinois State Liquor License presents a resale certificate to Kensington's prior to purchase. Remittance for delivery charges must be paid in advance.

Shipping

Under no circumstances will any wine be released to anyone under 21 years of age. Shipping will be at the purchaser's expense, and must be prepaid to the respective freight company, or freight collect. Shipping for your purchase may be arranged once payment has been received and funds have been deposited into our account. Kensington's will not ship for at least two to four weeks following the auction. International shipments may require customs documentation or special routing attention, therefore, extra time may be required to route such a shipment. Shipments will be arranged in the order in which requests are received, on a first come, first serve basis. Shipments can also be arranged on the customer's own account such as Airborne, Federal Express, DHL, AIT Freight Systems, Frozen Foods Express, Western Carriers, Midway

Freight, or any other ICC licensed air or ground freight carrier. Kensington's does not ship to all fifty states on its own UPS account, however Kensington's may assist the customer in routing wines to their respective locations via UPS with a credit card or UPS account number in the name of the recipient.

Kensington's will assist the customer in choosing and contacting the safest and most cost effective carrier to meet his or her needs. Wines are insured through the carrier while in transit, though wines that are shipped via UPS can only be insured for seven of the fifty United States. Any loss or damage resulting from shipping wines via any carrier will be the sole responsibility and at the risk of the purchaser, though Kensington's will assist in filing any claims resulting from loss or damage of wines while in transit. Kensington's will not be held responsible for any deterioration, damage, theft, or breakage of wines, which may occur during transit.
